**DIGI-CORP** ~UX Designer  
Ahmedabad, India Aug 17 - Feb 18

Previously, I collaborated with product management teams & developers to define and implement innovative & unique solutions for product's direction, visuals & user experience.

I also worked on concept sketches, rapid prototyping, user personas, user research, wireframes, user interface design, print design, user flows, information architecture, front-end development & illustrations. Worked on wordpress websites like endeavorcareers.com & projectaliveandkicking.org having 4k+ daily visitors.

**Freelancer** ~Graphic Designer  
Ahmedabad, India Mar 16 - Jul 17

Worked on almost 25+ projects mainly based logo design, brochure design, flyer design, branding, brand identity, label design, style-guides, web design, illustrations.
